Notice of Decision to Open Two Ishinkan Facilities

Amvis, Inc. (Chuo-ku, Tokyo; Representative Director and CEO: Keiichi Shibahara) has decided to open two Ishinkan facilities in October 2022.

In the fiscal year ending September 30, 2023, we are accelerating deployment in the Tokyo metro area where demand is high. At the same time, we plan to continue expanding into regional cities which have high barriers to entry.

Since this will be the first time for us to operate in Hokkaido, after opening these facilities, we will have one Ishinkan in Hokkaido, eleven in Kanagawa Prefecture.

As medical care shifts from hospital-based to community-based care, we aim to strengthen regional healthcare by proactively opening Ishinkan in areas with high needs for chronic and terminal care.

Overview of Ishinkan, operated by the Amvis Group

Ishinkan is a healthcare facility in which nurses and other caregivers provide round-the-clock care. Ishinkan actively accepts patients who are in the terminal stage of cancer, who are on respirators, who have had tracheostomies, who have specific diseases requiring them to be repeatedly in and out of hospital, or who require end-of-life nursing and caregiving. Ishinkan actively cooperates with regional medical institutions, pharmacies, and nursing care facilities, and functions as “shared hospital beds.”

Notes:

As of the end of December 2021, we expect to operate 48 facilities (2,289 beds).
