Amvis, Inc.

Amvis Opens Ishinkan Ageo, Its Seventh Facility in Saitama Prefecture

On November 1, 2021, Amvis, Inc. (Chuo-ku, Tokyo; Representative Director and CEO: Keiichi Shibahara) opened its seventh facility in Saitama Prefecture, Ishinkan Ageo (capacity: 52 beds), in the city of Ageo.

Ishinkan is a healthcare facility with extensive nursing and care systems. It serves as a place where people in chronic and terminal stages of illness, who require round-the-clock nursing and care, and are unable to continue their medical treatment at home or in general nursing care facilities, can live with peace of mind.

Ishinkan is intended to constitute a platform that supports regional medical care by responding to the medical needs of each region. Through the operation of Ishinkan, we aim to strengthen and revitalize regional healthcare.

Overview of Ishinkan, operated by the Amvis Group

Ishinkan is a healthcare facility in which nurses and other caregivers provide round-the-clock care. Ishinkan actively accepts patients who are in the terminal stage of cancer, who are on respirators, who have had tracheostomies, who have specific diseases requiring them to be repeatedly in and out of hospital, or who require end-of-life nursing and caregiving. Ishinkan actively cooperates with regional medical institutions, pharmacies, and nursing care facilities, and functions as “shared hospital beds.”

Notes:

As of the end of November 2021, we expect to operate 48 facilities (2,289 beds).

As of the end of June 2022, we plan to have 55 facilities (2,645 beds).
