Notice of Decision to Open Three Ishinkan Facilities, Including the First Expansion into the Kansai Area

Amvis, Inc. (Chuo-ku, Tokyo; Representative Director and CEO: Keiichi Shibahara) has decided to open three Ishinkan facilities in April, May and July 2024.

In the fiscal year ending September 30, 2024, we are accelerating deployment in the Tokyo metro area where demand is high. At the same time, we plan to continue expanding into regional cities which have high barriers to entry.

We have been expanding in Eastern Japan, centered on the Tokyo metro area, and this will be the first time for us to expand into the Kansai area, including Osaka prefecture. With this facility as a foothold, we plan to expand in Western Japan, including the Kansai area.

Since this will be the first time for us to operate in Osaka prefecture, after opening these facilities, we will have thirteen Ishinkan in Saitama prefecture, thirteen in Tokyo and one in Osaka prefecture.

As medical care shifts from hospital-based to community-based care, we aim to strengthen regional healthcare by proactively opening Ishinkan in areas with high needs for chronic and terminal care.
