## Notice of Decision to Open Two Ishinkan Facilities

Amvis, Inc. (Chuo-ku, Tokyo; Representative Director and CEO: Keiichi Shibahara) has decided to open two Ishinkan facilities in September and November 2022. With the opening, we plan to open 16 facilities in the fiscal year ending September 30, 2022, more than initially planned 15 facilities.

In the fiscal year ending September 30, 2022 and fiscal year ending September 30, 2023, we are accelerating deployment in the Tokyo metro area where demand is high. At the same time, we plan to continue expanding into regional cities which have high barriers to entry.

After opening these facilities, we will have three Ishinkan in Aomori Prefecture and six in Tokyo.

As medical care shifts from hospital-based to community-based care, we aim to strengthen regional healthcare by proactively opening Ishinkan in areas with high needs for chronic and terminal care.

### **Overview of Ishinkan, operated by the Amvis Group**

Ishinkan is a healthcare facility in which nurses and other caregivers provide round-the-clock care. Ishinkan actively accepts patients who are in the terminal stage of cancer, who are on respirators, who have had tracheostomies, who have specific diseases requiring them to be repeatedly in and out of hospital, or who require end-of-life nursing and caregiving. Ishinkan actively cooperates with regional medical institutions, pharmacies, and nursing care facilities, and functions as “shared hospital beds.”

Note:

As of the end of December 2021, we expect to operate 48 facilities (2,289 beds).
